272		Complete set of Lincoln cents 1909 to 1938, including all mint marks, the condition will average very good to fine or better with some of the later dates uncirculated. The collection, mounted in a Whitman coin board lists at $12.00.	
273	1922	NO MINT MARK. Even though no pennies were struck at the Philadelphia mint in 1922 this notorious variety has no mint mark and is widely sought. Apparently the dies from which these coins were struck at the Denver mint became so worn that the D did not show on several hundred coins released for actual circulation; consequently they are considered quite rare. Fine	($3.00)

CHOICE AND SCARCE U. S. HALF DIMES

367	**1794**	CHOICE UNCIRCULATED. Regular issue; two die-breaks on reverse from tail of eagle to rim. One touches the right stem of wreath, the other connects the tail, 2 leaves under right wing, berry and "R" of "AMERICA". Slight planchet defect on chin. A beautiful coin and seldom offered. Well worth $70.00.	($70.00)
368	1795	NEARLY UNCIRCULATED. Only slight cabinet wear prevents this from being a choice uncirculated specimen. Die-break from nose to "T" in "LIBERTY". Another die break extending from left wing and almost touching right wing gives eagle appearance of wearing a collar. A desirable coin and worth $32.00	($32.00)
369	1796	UNCIRCULATED. Slight cabinet wear. Fillet head. RARE!! A choice and desirable specimen	($85.00)

Lot No.		Description

371	**1803**	Fine. Very seldom found in this condition. All early silver half dimes are scarce when Fine or better ($35.00)
372	1837	Liberty seated, no stars. Scarce. Bright, uncirculated. Very slight dents in left portion of field ($5.25)

EARLY U. S. DIMES

389	**1796**	**First year of issue.** Strictly Uncirculated, but a few light scratches that do not affect its appearance. A die-break to left of date connects first star and rim of coin. An extremely fine specimen brought $80.00 at a recent auction sale and this one should be worth substantially more ($100.00)
390	**1797**	**16 Star Variety.** NEARLY UNCIRCULATED, better than V. Fine. Some recent auction sales of outstanding collections have listed less desirable specimens with initials or other defects only. A coin rarely offered and well worth ($150.00)
391	**1798**	UNCIRCULATED. Some light cabinet wear on high portions. A rare coin! Light die-break from "Y" to nose and from chin to last star. Perfect date. Seldom offered so choice ($90.00)
392	**1800**	UNCIRCULATED. Some light cabinet wear. This coin listed in late sales of prominent collections as "scratched", "holed" or in less desirable condition than the specimen offered here. A die-break between "1" and "8" of date gives the appearance of a high punctuation mark. Rare and worth $85.00 so choice.
393	**1802**	VERY FINE—RARE—A choice specimen for this coin and seldom offered ($50.00)
394	**1803**	FINE. "LIBERTY" clear, die-break below bust and through date. A choice specimen and scarce ($35.00)
395	1821	Small date, Uncirculated ($8.00)
396	1821	Large date, Uncirculated ($6.00)
397	**1942**	**over 41.** SCARCE. A potential rarity. A letter from the director of the mint states, "Since it appears that several like specimens have been found it may be assumed that they were made from an imperfect die which, under the extreme pressure of war work and lack of experienced personnel escaped detection." It is difficult to place a true valuation on this coin, but a specimen brought $21.00 at auction in 1943! Abt. Uncirculated.

U. S. LIBERTY STANDING QUARTERS UNCIRCULATED

This series has always enjoyed a high rate of popularity amongst collectors. Because of the height of the date it easily becomes worn and soon obliterated so that really choice items are very difficult to obtain. Other features rarely evident in Liberty Standing Quarters are full heads and knees. Usually these are flattened to some degree thus detracting from the desirability of the coin. Nearly all of the following lots are well struck specimens with full heads and knees, unless otherwise stated, and will be a welcome addition to the cabinet of the most discriminating collector as well as a wise investment.

403	**1916**	Brilliant, Uncirculated. Knees and head well struck. A rare coin and much in demand for this popular series. Seldom found so choice, even when uncirculated.....**($65.00)**

THANK YOU

Our Approval Department

We maintain the largest coin approval business in the entire world! We want YOU to become acquainted with our service, so that you may appreciate the facilities we offer. We have a staff of more than thirty employees ready to give you immediate attention and help you complete your collection in the most practical and efficient manner yet suggested — by purchasing your coins on approval!

ADVANTAGES OF BUYING ON APPROVAL

When you purchase coins to complete your collection it is far better to examine them before you purchase them. When you purchase a coin on approval you see it before you pay for it, and you usually get from 10 to 30 days credit in which to pay. Coins that are unsatisfactory are returnable, and you are under no obligation whatsoever. We have been one of the pioneer approval dealers in Numismatics, and highly recommend this method of purchasing coins.
